

## PRESS RELEASE

### OMIP leading exchange in Iberian Power

**Lisbon, 18.April.2016**

In the last month of March, OMIP and OMIClear confirmed their leading status in Iberian Power, with a cleared volume of 6.7 TWh, corresponding to a market share of 52% of total Iberian cleared volume.

Regarding the screen trading activity, OMIP registered a market share of 88% of the overall market activity in Iberian products.

OMIP and OMIClear, are the leading players in the Iberian futures power market, and are firmly committed to permanently address their Member's needs.

Following this strategy, OMIP and OMIClear have a wide range of other services such as: Financial Transmission Rights Auctions, Portuguese Special Regime Auctions, Solar Auctions and REMIT and EMIR reporting services, offering an integrated service to all the Members. In addition, in the near future, OMIP and OMIClear will launch French and German Power products as well as Gas Derivative Products.

#### About OMIP

OMIP runs the Iberian energy derivatives exchange since July 2006, providing exchange trading, central clearing & settlement (through OMIClear) and data distribution services for Spanish and Portuguese power derivatives market supported by state-of-the-art systems. OMIP has currently 63 trading members from 9 European countries which can trade both Spanish and Portuguese futures, base load and peak load, with financial or physical delivery.

OMIP also provides a broad set of services in the wholesale and retail energy market as well as telecommunications market, including the organization of a complete set of auctions designed to accept different asset types like: Virtual Power Plants programs, Gas Release programs, transmission capacity rights, wind farms licensing rights, power and gas procurement or telecom frequencies. Other types of services are also performed like CHP certificates issuing support and power load management.

#### About OMIClear

OMIClear runs the Iberian energy clearing house, central counterparty and settlement system, since July 2006, based on state-of-the-art systems. OMIClear clears exchange trades coming from OMIP as well as OTC deals for several types of instruments: futures, swap, forward and options power trades, for Spain and Portugal, covering all sets of maturities, baseload or peakload, with financial or physical delivery.

OMIClear has currently 14 clearing members, 7 financial settlement agents and 17 physical settlement agents from 6 European countries and the USA.
